Other delivery modes:

LS **Livestreamed lectures.** Lectures which are open to live, interactive attendance via the Zoom platform will display this icon. If this mode is chosen you are required to attend 80% of livestream class hours. This is ideal for those who are unable to get to the campus but are available at the scheduled time and wish to interact with the lecturer and other students. [Check the face-to-face timetable for livestreamed lecture times](#) from Sydney, Perth, and Sydney South locations. Some units will be only available via livestream.

RV **Recorded video lectures** (watching/listening to a recording of the lecture at a different time). This is a good option for those who are unavailable at the lecture time, but would still like to watch the full lectures. Students are also encouraged to attend the online virtual classroom sessions. (Not all units will be available in this delivery mode due to the confidential nature of some of the content/discussion.)

ONL **Online materials** (e.g. short videos, lecture notes, curated readings, discussion forums). Most online units also have several real-time, online virtual classroom sessions focused on discussion and assignments. This is a good option for those who are unavailable at the lecture time, and prefer materials specifically developed for self-direct online learning. Any RV lectures are also available to ONL students.

ONL + **Online Plus.** An online unit with frequent livestreamed sessions which are integral to the unit content. Attendance in real time OR watching the recording of those sessions is compulsory.

I **Intensive:** several consecutive full days of face-to-face lectures with an additional online component of between 20% and 60% to be completed individually. The face-to-face component may be available via livestream if the livestream icon is displayed.

S **Semi-intensive:** several half/full days of lectures spread over a semester (or full year for some units), most with an additional online component to be completed individually. The face-to-face component may be available via livestream if the livestream icon is displayed.
